AEP-NRC-2023-58 "Cook Plant Security Rule Exemption Request – ISFSI Docket No. Reference"

Scott,

By letter dated November 16, 2023 (ML23320A233), Indian Michigan Power (I&M) submitted a request for Cook Nuclear Plant (CNP), Units, 1 and 2 (Docket Nos. 50-315 and 50-316), for an exemption from the compliance date of January 8, 2024, for the new security Rule, "Enhanced Weapons, Firearms Background Checks, and Security Event Notifications" (i.e., 88FR15864, dated March 14, 2023). This e-mail serves as a supplement to provide notification that the CNP Independent Spent Fuel Storage Installation (ISFSI) Docket No. 72-072 should also have been referenced in support of the noted submittals.

Thank you,

Michael Scarpello
