Peach Bottom Security Rule Exemption Request – ISFSI Docket No. Reference

By letter dated October 16, 2023 (ML23289A121), as supplemented on November 10, 2023 (ML23317A108), Constellation Energy Generation, LLC (CEG) submitted a request for Peach Bottom Atomic Power Station (Peach Bottom), Units, 1 and 2 (Docket Nos. 50-277 and 50-278), for an exemption from the compliance date of January 8, 2024, for the new security Rule, "Enhanced Weapons, Firearms Background Checks, and Security Event Notifications" (i.e., 88FR15864, dated March 14, 2023). This e-mail serves as supplement a to provide notification that the Peach Bottom Independent Spent Fuel Storage Installation (ISFSI) Docket No. 72-29 should also have been referenced in support of the noted submittals.

An inadvertent editorial discrepancy was identified in referencing the Docket No. for the Peach Bottom ISFSI in the previous e-mail, in that Docket No. 72-79 was cited rather than Docket No. 72-29. Therefore, this updated e-mail corrects the noted discrepancy and provides notification that Peach Bottom ISFSI Docket No. 72-29 should be referenced in support of the Peach Bottom submittals.

Respectfully,

David T. Gudger  
Sr. Manager, Licensing  
Constellation Energy Generation, LLC
