

Conference Expense Waivers and Reports

On November 9, 2011, President Obama issued [Executive Order \(EO\) 13589](#), entitled "Promoting Efficient Spending," which directed Federal agencies to "take even more aggressive steps to ensure the Government is a good steward of taxpayer money." The related [OMB Memorandum M-12-12](#), dated May 11, 2012 and subsequent [OMB Memorandum M-17-08](#), dated November 25, 2016, recognized that "the Federal Government has a responsibility to [ensure] that Federal funds are used for purposes that are appropriate, cost effective, and important to the core mission" of each agency. As part of the effort to safeguard Federal funds, Section 2 of the OMB memorandum directed agencies to "exercise discretion and judgment in ensuring that conference expenses are appropriate, necessary, and managed in a manner that minimizes expense to taxpayers." Specifically, OMB outlined a series of new conference-related policies and practices, which directed agencies to initiate senior-level review of all planned conferences, initiate senior level approval of all future conference expenses in excess of \$100,000, prohibit expenses in excess of \$500,000 on a single conference (unless the agency head issues a waiver to achieve a compelling purpose), and report publicly on all conference expenses in excess of \$100,000.

Consistent with that guidance, on November 1, 2023, NRC Chairman Hanson issued a waiver for the 2024 Regulatory Information Conference (RIC), to be held on March 12-14, 2024, citing exceptional circumstances under which spending more than \$500,000 on this event is the most cost-effective option to achieve a compelling purpose. Chairman Hanson had issued a waiver on July 28, 2022 for the 2023 RIC, scheduled on March 14-16, 2023. The 2023 RIC was the only NRC-sponsored conference in fiscal year (FY) 2023 for which the net expenses, primarily associated with conference planning and organization, exceeded \$100,000. Details on the 2023 hybrid RIC are provided in the FY 2023 Conferences Report below:
