Leo

You are up and going at it early this morning! Thank you so much for your hospitality and professionalism. Yes!, February 20, 2024 is great. Afternoon is preferred in case my flight is delayed, but I will absolutely accommodate you and your staff as you see fit. I should only need a minimum time and I will be the only one appearing on behalf of Empire Wireline, LLC.

Thank you once again and I look forward to not only meeting you but hopefully working closely together in the future.

Very Respectfully,

Aldru Todd Aaron

Sir, February 20 or February 21 would be ideal but I do NOT want to put anyone out. If there is any inconvenience, we can stick with your date. I have been trying to get some additional information from FLOUR, the company whom requested services but have been unable.

Regardless, I am excited to meet you and your staff.

Mr. Wardrobe

Sir, thank you for the notice. I personally plan on making the presentation and will coordinate should there be any actual presentation. I do not mean to sound disrespectful or present anything other than absolute respect for the NRC, but is there any potential at this late point in the game to schedule this later in February. I have dates available if it is a possibility. If not, I will finally get to meet you on 29 January.

Thank you for your continued support.
