Subject: Administrative Change to HI-2200343-A

Dear Mr. Jacobs:

During the NRC staff's on-going review of the request for HI-STORM 100 Certificate of Compliance Amendment 18, which implements the subject topical report, a request was made for an administrative change to Table 2.1 of the topical report. This change aligns the notes in the Topical Report with the notes in Table 2.2.3 of the HI-STORM 100 FSAR. A revised version of HI-2200343-A in both proprietary and non-proprietary versions is attached to this letter. No other changes were made to the topical report.

If you have any questions please contact me at 856-797-0900 ext. 3951.

Sincerely,

A handwritten signature in cursive script that reads "Kimberly Manzione".

Kimberly Manzione
Director of Licensing
Holtec International
