### Description of Requested Records:

As clarified, any Nuclear Accident Reporting System (NARS) forms issued as an emergency notification by the Prairie Island Nuclear generating power plant related to a radiological emergency preparedness drill on March 15, 2022 through the official channels of emergency notification to the State of Wisconsin.

## PART I. -- INFORMATION RELEASED

- The NRC has made some, or all, of the requested records publicly available through one or more of the following means: (1) <https://www.nrc.gov> ; (2) public ADAMS, <https://www.nrc.gov/reading-rm/adams.html>; (3) microfiche available in the NRC Public Document Room; or the NRC Public Access Link (PAL), at <https://foia.nrc-gateway.gov/app/Home.aspx>.
- Agency records subject to the request are enclosed.
- Records subject to the request that contain information originated by or of interest to another Federal agency have been referred to that agency (See Part I.D -- Comments) for a disclosure determination and direct response to you.
- We are continuing to process your request.
- See Part I.D -- Comments.

## PART I.A -- FEES

AMOUNT

- You will be billed by NRC for the amount indicated.
- You will receive a refund for the amount indicated.
- Fees waived.
- Since the minimum fee threshold was not met, you will not be charged fees.
- Due to our delayed response, you will not be charged search and/or duplication fees that would otherwise be applicable to your request.

## PART I.B -- INFORMATION NOT LOCATED OR WITHHELD FROM DISCLOSURE

- We did not locate any agency records responsive to your request. *Note:* Agencies may treat three discrete categories of law enforcement and national security records as not subject to the FOIA ("exclusions"). See 5 U.S.C. 552(c). This is a standard notification given to all requesters; it should not be taken to mean that any excluded records do, or do not, exist.
- We have withheld certain information pursuant to the FOIA exemptions described, and for the reasons stated, in Part II.
- Because this is an interim response to your request, you may not appeal at this time. We will notify you of your right to appeal any of the responses we have issued in response to your request when we issue our final determination.
- You may appeal this final determination within 90 calendar days of the date of this response. If you submit an appeal by mail, address it to the FOIA Officer, at U.S. Nuclear Regulatory Commission, Mail Stop T-6 A60M, Washington, D.C. 20555-0001. You may submit an appeal by email to [FOIA.resource@nrc.gov](mailto:FOIA.resource@nrc.gov). You may fax an appeal to (301) 415-5130. ## PART I.D -- COMMENTS

Upon receipt of your request, we tasked the Offices of Nuclear Reactor Regulation (NRR) and Nuclear Incident and Security Response (NSIR) at NRC's headquarters, as well as Region III (which has oversight responsibility over the Prairie Island plant). In response to NRC staff's request that we seek clarification from you as to the scope of records you were looking for, we reached out to you. You clarified that you were looking only for any NARS forms that Prairie Island may have filed with the State of Wisconsin that may have also come to the NRC. None of the offices located any responsive records.
