Subject: Wyoming Agreement Amendment, Proposed Source Material Program Rules, Group 3 - Chapters 4, 7, 84

Good morning, Duncan,

Attached please find the third and final group of proposed rules, Chapters 4, 7, and 8, that will be presented at the Wyoming DEQ/LQD Advisory Board Meeting. The meeting, I believe, is tentatively scheduled for March 21, 2024. They are in a redline/blueline (strike/underline) format to distinguish differences between the existing URP rule and the proposed SMP rules. Please reach out to us if you need anything further or have any questions.

Best regards,

Monte Buchanan

Health Physicist

Source Material Program
