Good morning Mr. Bollinger and Mr. Werth,

As we were ready to sign the license yesterday, we noticed that Condition no. 13 in your license specifies two individuals that can do the source retrieval. Specifically, if you review the two letters mentioned in Condition no. 13, (letters dated March 2, 2022, and May 3, 2022)., letter dated May 3, 2022, states the following:

“9) Based on the information provided in the license renewal application, our understanding is that

sealed source retrieval operations, if needed, may be performed by, or under supervision and in the presence of, Donald J. Baumer or Juergen Bloch. Please let us know our understanding is correct or not.

Yes, this is correct. If needed, source retrieval may be performed by, or under supervision and in the presence of, Donald J. Baumer or Juergen Bloch.”

If this statement is still true, then just confirm in an email. However, if Mr. Werth is to be designated as the individual to perform source retrieval, please provide a signed and dated letter stating: **“Source retrieval may be performed by, or under supervision and in the presence of, Ronald Werth or Juergen Bloch.”** (I received the certificate for source retrieval, so I assume this is the case).

Once I receive the letter, I will revise condition no. 13 to include the names.

I would appreciate if you could get the letter to me as soon as possible.

Thank you

Magdalena
