Title: Phenomenon Identification and Ranking Table (PIRT) Panel Report Finalization on High Burnup Fuel Dispersal and Its Consequences Rankings

Date(s) and Time(s): March 21, 2024, 11:00 AM to 01:00 PM ET

Location: Teleconference

Category: This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: A panel of experts will finalize the report on high burnup uranium dioxide fuel fragmentation, relocation, and dispersal (FFRD) during design basis accident conditions and on the consequences of fuel dispersal. This is a follow-up to the December 2023 (ML23352A274), January 2024 (ML24023A577), and February 2024 (ML24057A096) PIRT panel meetings. Discussions will be led by NRC contractors.

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation due to a disability to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please email Reasonable_Accommodations.Resource@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis and the agency may choose between effective accommodations to provide. At least ten (10) days advance notice is recommended in order for a request for accommodation to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.
