

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

March 19, 2024

Ms. Carrie A. Fosaaen  
Director, Regulatory Affairs  
NuScale Power, LLC  
1100 Circle Boulevard, Suite 200  
Corvallis, OR 97330

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE  
FOR NUSCALE POWER, LLC

Dear Ms. Fosaaen:

By letter dated January 19, 2024, you submitted an affidavit dated January 19, 2024, requesting that the information contained in the following document be withheld from public disclosure pursuant to Section 23.90 of Title 10 of the *Code of Federal Regulations* (10 CFR):

NuScale Power, LLC has requested that the DVDs be withheld in its entirety, therefore a nonproprietary copy is not available.

A nonproprietary copy of this document has been placed in the U.S. Nuclear Regulatory Commission's (NRC's) Public Document Room and added to the NRC Library in the Agencywide Documents Access and Management System (ADAMS) Accession No. ML24024A055.

We have reviewed the January 19, 2024, letter and in accordance with the requirements of 10 CFR 2.390 and, on the basis of the statements in the affidavit, have determine that the submitted information sought to be withheld contains proprietary Class 2, and is also export controlled information and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC. You should also understand that the NRC may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC decides adverse to the above decision, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I may be reached at (301) 415-8013.

Sincerely,

*/RA/*

Getachew Tesfaye, Senior Project Manager  
New Reactor Licensing Branch  
Division of New and Renewed Licenses  
Office of Nuclear Reactor Regulation
