**License Number: 54-28275-01**

Dear Mr. Desgagne,

On February 6, 2024 and February 8, 2024, Ellie Choi and Robert Locke of the Massachusetts Department of Public Health, Radiation Control Program, conducted a reciprocity inspection at your organization's temporary job site located at Isomedix Operation, Inc. d/b/a STERIS in Northborough, Massachusetts. The inspection was an examination of your licensed activities as they relate to radiation safety and to compliance with Agency regulations and license conditions. The inspection consisted of observations by the inspectors, interviews with personnel, and a selective examination of representative records. The findings of the inspection were discussed with your staff at the conclusion of the inspection.

There were no items of noncompliance identified during this inspection. Thank you for your continued cooperation.

Sincerely,

John M. Priest, Jr., Director  
Radiation Control Program
