Sorry Russell – and thanks for getting me onto EIE so quickly. Filing was delayed because I had a date with Andrew Averbach at the Federal Courthouse this morning! Just got back to my office and filed it.

Best wishes,
Diane

Ms. Curran,

I'm writing to follow up on your message below. You were given access to the docket at approximately 7 a.m. this morning. When can we expect to see your EIE filing?

Dear NRC Secretary and parties,

On behalf of San Luis Obispo Mothers for Peace, Friends of the Earth, and Environmental Working Group, I am filing a hearing request regarding PG&E's application for renewal of the Diablo Canyon operating licenses.

I am sending the hearing request by email because I was not able to request access to the electronic docket in time for this filing. I will post the hearing request to the electronic docket as soon as I get access.

In the meantime, I am sending the hearing request in three separate emails out of concern that the exhibits may be too large to send in one message:

- This email has the hearing request itself with Exhibit 1 attached.
- The second email will have Exhibits 2 and 4.
- The third email will have Exhibit 3.

Sincerely,

Diane Curran
