  - (6) GNF-A/NRC Telecom, 3/6/24

Dear Ms. Lav:

On March 6, 2023, the Global Nuclear Fuel - Americas, L.L.C. (GNF-A) facility in Wilmington, North Carolina, submitted supplemental environmental report information in support of a Natrium Fuel Fabrication Facility (Reference 5).

Upon further review and after additional discussions with NRC (Reference 6), GNF-A has decided to withdraw the supplemental environmental report at this time and provide this information at a later date.

Please contact me if you have any questions or would like to discuss this matter further.

Sincerely,

  
Scott P. Murray, Manager  
Facility Licensing
