Thank you, Evan. The information looks good.

Regarding Robert Miller, since there are less than 2 full years of experience and the degree is not a traditional "science" ... I am presuming that maybe there was some coursework, training or additional experience working either with radioactive material, pharmacy, or lab work, prior to joining Cardinal Health in 2022? No need for a formal response letter; email is fine. Could you please provide some additional background or context supporting the request to list Robert Miller as an Authorized User?

Thank you,

*Sara*
