Reference: Notification to remove site - license #12-35254-01

Dear Sir/Madam,

Please accept this letter as our notice to remove the following facility from our license:

Deaconess Gibson Hospital
1808 Sherman Dr.
Princeton, In 47670
812-3853401

Deaconess Gibson Hospital has been serviced by Medical Outsourcing Solutions since May of 2017. The contract with MOS and Gibson will not be renewed and the last day of service is April 30th, 2024. Consequently, to not interfere with patient care, close-out surveys will be performed after the last day of service and submitted to the Commission. I am awaiting confirmation that Deaconess will submit their license application taking control of the current restricted area, along with the sources/waste(if any) in the department.

We hope that the information submitted is satisfactory to expedite the license request upon Deaconess's application receipt.

Sincerely,

William S. Gooch,
Radiation Safety Officer

Hi Tammy,

Please control this in as an amendment request for 12-35254-01. NRC Materials License No. 13-00142-02 will take over the LOU (Deaconess Gibson Hospital).
Please assign to me because I'm working on this issue with License No. 13-00142-02.

Thanks,

Frank
