Subject: Re: Flour Order

Here is the latest from Anne, which was last week:
Please find enclosed **our acknowledgment 220232** referring to **your PO 2022-0076 (1 source PU239ESAE and 1 CS137ESAE)**.

As you can see I have indicated your target :

- PU239ESAE[1KBQ] : your target 1,48 KBQ,
- CS137ESAE[2KBQ] : your target 2,22 KBQ

Please confirm both targets are the ones you request.

On your side, could you please send me your **end user certificate fulfilled (for PU239ESAE)**, as last time, I have to send it to the French Authorities to have their approval.

We should be able to ship your order mid-May.

With my best regards.

Anne

I have since then sent the End User Certificate to Paul Bowen for completion, which must be done at each order.

I also emailed him this morning asking for acknowledgement of receipt and completion of the form.

All the Best,

Stanley,
Could you please provide an update on the Second Flour order?
Date of arrival, Etc? Will LEA need help with documents again?
Thanks
