Hello Adnan,

This is another request for State review of an environmental assessment for an exemption, in accordance with Title 10 of the *Code of Federal Regulations* 72.7, from certain requirements applicable to the use of HI-STORM 100 Cask System or the HI-STORM Flood/Wind (FW) Multi-purpose Canister (MPC) Storage System. This request is for the **Quad Cities Nuclear Power Station, Units 1 and 2**. Please review the attached draft EA and let me know if you have any comments by April 29, 2024. I apologize for the quick turnaround on this matter. Feel free to call me if you have any questions.

Best,

Jill
