CONFIDENTIAL

LEGAL NOTICE OF BUSINESS CONCERN

In Accordance with The Atomic Energy Act and The HEA act of 1965 two Civil claims have been filed In Jefferson County Oregon. Under no circumstances Was their ever a legitimate Legal binding agreement with The Defendants "Jefferson County Oregon" and the Plaintiff. Aaron A . The Diversion program details were not presented and the agreement was entered into fraudulently for UN Just enrichment practices.

I as the Copyright holder am asking the agency for equal opportunity to obtain the certificates and licencing nessesary to continue the program. However because Jefferson Countys Negelegence and Fraudulent practices I do not give consent for unauthorized access to the Material. "Copyright Infringment"

I have educated myself over the years and not allowing me to participate is absolutly unethical Discrimination. I have been absolutely humiliated and disregarded as a Human in the community of Jefferson County. I will swear on Oath if need be? but I can't continue to face such cruel and unusual punishment In these circumstances. I will also swear not to Violate any other Laws. I'm an American Citizen and should have never been labled as a "Protected Person' To begin with.

I need access and Control over The Chattel that was wrongfully taken with Negelegence and in bad faith for Monetary Purposes and Unjust enrichment.

In Good Faith

Aaron C Ahern
