Subject: [EXTERNAL]Request: State review of the Perry exemption request environmental assessment

Hello Chris,

As I indicated in my email to you of April 18, I'm attaching for your review a draft environmental assessment for an exemption, in accordance with Title 10 of the *Code of Federal Regulations* 72.7, from certain requirements applicable to the use of HI-STORM 100 Cask System or the HI-STORM Flood/Wind (FW) Multi-purpose Canister (MPC) Storage System. This request is for the Perry Nuclear Power Plant, Unit 1. Please review the attached draft EA and let me know if you have any comments by May 10, 2024. I apologize for the quick turnaround on this matter. Feel free to call me if you have any questions.

Thank you,
Christine
