Peach Bottom Atomic Power Station, Units 2 and 3  
Renewed Facility Operating License Nos. DPR-44 and DPR-56  
NRC Docket Nos. 50-277 and 50-278

Subject: Pre-Submittal Meeting Presentation Material  
Peach Bottom ECCS Compensated Level System Replacement Project

Constellation Energy Generation, LLC (CEG) has scheduled a pre-submittal meeting with the U.S. Nuclear Regulatory Commission (NRC) on May 14, 2024, to discuss a proposed licensing initiative for Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3, for supporting the Emergency Core Cooling System (ECCS) Compensated Level Replacement Project. This pre-submittal meeting will include both open and closed sessions. The open portion of the meeting will allow for public participation; however, during the closed portion of the meeting proprietary information will be presented and access will be limited. In support of this meeting, CEG is submitting both proprietary and non-proprietary versions of the pre-submittal meeting presentation material.

Accordingly, Attachment 1 (“Peach Bottom ECCS Compensated Level System Replacement Project Presentation Material”) contains information proprietary to Curtiss-Wright Corporation (Curtiss-Wright) and Curtiss-Wright requests that this document be withheld from public disclosure in accordance with 10 CFR 2.390(a)(4). An affidavit supporting this request is contained in Attachment 2. Attachment 3 contains a non-proprietary version of the pre-submittal meeting presentation material in which Curtiss-Wright proprietary information has been redacted. Information that has been redacted is reflected by use of double brackets (“[[ ]]”).

Should you have any questions concerning this submittal, please contact Richard Gropp at 1-267-533-5642 or e-mail at [Richard.Gropp@constellation.com](mailto:Richard.Gropp@constellation.com).

Respectfully,

A handwritten signature in blue ink that reads "D. P. Helker".

David P. Helker  
Sr. Manager, Licensing  
Constellation Energy Generation, LLC
