Subject: Additional Information and Status Update re Michigan Wireline Services, Inc., NRC License No. 21-25931-01, CN 638591
Date: Tuesday, March 12, 2024 12:45:00 PM

Good afternoon, Ellen:

Thank you for your inquiry regarding the status of this review. We have reviewed your October 20, 2023, letter, and have a few additional questions regarding the change of control and the request to replace the listed Radiation Safety Officer (RSO) to Jared Pifer.

1. Has the transaction been completed? If so, could you please attach documentation of the completed transaction? Please note the date of the transfer in your response.
2. If the transaction hasn't yet been completed, please indicate the date on which you anticipate it will occur.
3. For the proposed RSO change, please provide an organizational chart showing the proposed RSO's relationship to both management and the individuals that the RSO oversees. The organizational chart should show that Jared Pifer has sufficient independence and direct communication with management officials to demonstrate an ability for day-to-day oversight of licensed activities.
4. Regarding the Applied Health Physics 40-hour Radiation Safety Officer Training and 4-hour refresher training courses, completed by Jared Pifer on February 13, 2020, and February 28, 2023, respectively, please provide the following details:
 - a. Training Instructor name & qualifications
 - b. Outline, including topics covered
 - c. Training format (i.e., classroom, online, video, etc.)
 - d. Description of how training was assessed (i.e., direct observation, written examination, etc.)
5. Please describe Jared Pifer's hands-on well-logging and tracer study experience, including dates or years of experience, company, and scope of experience (e.g., well logging supervisor, assistant, etc.).

For additional guidance in responding to these requests, please refer to [NUREG 1556, Volume 14, revision 1, "Program-Specific Guidance About Well Logging, Tracer, and Field Flood Study Licenses."](#)

Please provide a response within 14 days of this message (on or before March 26, 2024). If you have any questions, please do not hesitate to contact me by phone or email. For quickest processing, please provide your response as a signed and dated letter in pdf file format, attached to an email.

Thank you in advance for your cooperation.

Sincerely,

Sara

Subject: [External_Sender] RE: RE: RE: Michigan Wireline License No. 21-25931-01

Morning Sara – Tammy Tomczak forwarded me your name and email. I was wonder if you can you please give me an update on the amendment for License No. 21-25931-01? Any info you can give me would be greatly appreciated!
Have a great day.

Thank you,

Ellen Teprag
