SUBJECT: SUSPENSION OF REVIEW OF AMENDMENT REQUEST DATED FEBRUARY 9, 2024, FOR STARLING PHYSICIANS, PLLC NRC LICENSE NO. 06-14854-01 MAIL CONTROL NO. 639862

Dear Lori Vinci:

We have reviewed your amendment request letter dated February 9, 2024, for your U.S. Nuclear Regulatory Commission (NRC) License No. You have requested to update your facility diagram to include Room 26 as an area of use at your 1260 Silas Deane Highway, Wethersfield, CT 06109, Suites 106 and 109 locations. Your application is available electronically from the Agencywide Documents Access and Management System (ADAMS) at Accession No. ML24065A458.

Based on the review, our office determined that additional information was needed from you to continue review of your amendment request. Accordingly, we prepared and sent you a written request for additional information via letter dated April 4, 2024. In your e-mail sent to us on April 24, 2024, you indicated that you needed additional time to gather, prepare, and submit the requested information. Accordingly, we have suspended review of your application pending receipt of the additional requested information. Due to the delay in receiving the additional requested information that is necessary for review of your request, the NRC cannot project when it will make a determination on the amendment request. Once a complete response is received, the NRC will provide an updated date for the NRC to complete its review. If an adequate response is not received by May 1, 2025, the NRC will administratively close or deny the request, as appropriate.

Note that if your request is administratively closed, you may submit a new request at a later date and refer to Control No. 639862 for the documentation you have already submitted.

In accordance with 10 CFR 2.390 of NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from ADAMS, accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact Hiba Ahmed at 610-337-5283 or hiba.ahmed@nrc.gov.

Thank you for your cooperation.
