Process Overview

Safety Review Milestones

Regulatory Process

Environmental Review

- National Environmental Policy Act (NEPA)
 - Informs Federal decision making
 - Public disclosure of environmental impacts and other considerations
- NRC's Environmental Regulations
 - Title 10 of the Code of Federal Regulations Part 51
- Staff review is to determine if the environmental impacts of license renewal are so great that license renewal would be unreasonable.

Environmental Review (continued)

- Consider, analyze, and disclose environmental impacts of continued plant operation and alternatives to license renewal
- Identify and assess new and significant information regarding generic conclusions reached in the Generic EIS for License Renewal (2013 LR GEIS)
- Staff evaluates site-specific issues in a Supplemental Environmental Impact Statement (SEIS) to the LR GEIS

Environmental Impact Statement

- Staff evaluates impacts to resources including the following areas:
 - Fish and wildlife
 - Water, air, terrestrial resources
 - Historical and cultural resources
 - Socioeconomics
 - Environmental justice
 - Human health
 - Land use

Environmental Impact Statement

Scoping and Public Involvement

- What about your community should the NRC consider in the SEIS?
- What local environmental issues should be addressed?
- What other reasonable alternatives should be considered?
