

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

June 10, 2024

ALL AGREEMENT STATES  
CONNECTICUT, INDIANA, WEST VIRGINIA

NOTIFICATION OF U.S. NUCLEAR REGULATORY COMMISSION SPONSORED TRAINING  
COURSE SCHEDULE FOR FISCAL YEAR 2025 (STC-24-032)

**Purpose:** To provide the U.S. Nuclear Regulatory Commission (NRC) sponsored training course schedule available to Agreement States' staff for fiscal year 2025 and initiate the application process.

**Background:** The NRC will fund training and associated travel for Agreement State staff to attend courses sponsored by the NRC. If the States require additional training not sponsored by the NRC, it will be the responsibility of the States to provide that training to its staff.

**Discussion:** The complete list of NRC sponsored training courses for the 2025 fiscal year has been posted to our website, <https://publish.nrc.gov/reading-rm/training/agreement-state-training.html>. As changes to the schedule occur, the updated schedule will be posted to the website. Please refrain from submitting applications if you are aware of travel restrictions within your state that will hinder participation in courses.

Please complete and submit a training application(s), located on our website, for each individual. Applications must be submitted by the indicated due date, usually weeks prior to the course start date. In addition, we will **not** be rolling over the applications received from previous year submissions. New applications must be submitted for the fiscal year 2025 courses. A letter of acceptance will be issued 8 to 10 weeks prior to the course start date. Priority is not given to early applicants, as all applicants will be considered at the due date. The letter of acceptance will contain specific guidance relating to travel and per diem and will provide the students with information relating to their responsibilities. Upon acceptance, if an individual is no longer available to attend the course, notification **must** be provided immediately so that individual can be replaced.
