Licensee Name : Infrastructure Consulting and Engineering, PLLC

Tim Antley
VP/Civil Engineering & Inspections Manager

Dear Tim,

We have received your letter advising us of your company's potential change of control. In order to complete our review we will need a few items from you. The first item is an organizational chart showing the company structure, including the parent company, before the merger and after. The second item is a letter or memo showing that the company upper management has delegated you to make decisions and request changes to the license. This document should be signed by you and the company's top officials. Any documents you provide will be made available to the public unless you provide justification for withholding it in accordance with 10 CFR 2.390

<<https://www.ecfr.gov/current/title-10/section-2.390> >

The documents can be provided via email attachment, through US Mail, or by facsimile. My email address and the office address are below.

Please contact my office if you have any questions.
