SUPPLEMENTARY INFORMATION:

I. Introduction

During the period from May 1, 2024, to May 31, 2024, the NRC granted two exemptions in response to requests submitted by the following licensees: Dairyland Power Cooperative; and Portland General Electric Company.

These exemptions temporarily allow the licensee to deviate from certain requirements of part 73 of title 10 of the *Code of Federal Regulations* (10 CFR), “Physical Protection of Plants and Materials,” subpart T, “Security Notifications, Reports, and Recordkeeping.” In support of their exemption requests, the licensees agreed to effect site-specific administrative controls that maintain the approach to complying with 10 CFR part 73 in effect prior to the NRC’s issuance of a final rule, “Enhanced Weapons, Firearms Background Checks, and Security Event Notifications,” which was published in

the *Federal Register* on March 14, 2023, and became effective on April 13, 2023 (88 FR 15864).
