Subject: U.S. NRC Materials License #13-18692-01 - Request for Additional Information

Ms. Walston:

I have been assigned the request dated May 24, 2024, to amend your U.S. Nuclear Regulatory Commission (NRC) Materials License No. 13-18692-01 to add Anil K. Sharma, M.D., as an Authorized User.

The U.S. NRC's guidance document for your type of license, which I refer to below as "the guidance," is NUREG-1556, Volume 9, Rev. 3, dated September 2019, "Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Medical Use Licenses." This guidance is available on the U.S. NRC website at: <https://www.nrc.gov/docs/ML1925/ML19256C219.pdf>

Upon review of your request, I identified the following areas in which additional or clarifying information is needed:

1. Section 8.7.2, "Authorized Users," of the guidance, indicates that the amendment request should include the medical license number and issuing entity for the Authorized User.

Your request did not provide the Indiana Medical Licensing Board Medical License Number for the requested Authorized User. This information is available from the following web address: <https://mylicense.in.gov/EVerification/Search.aspx>

Please confirm that the requested Authorized User is actively licensed with the Indiana Medical Licensing Board and include the physician's medical license number in your response.

2. Section 8.13, "Item 13: Certification," specifies that a representative of the legal entity must sign and date license applications, amendment requests and all other license-related correspondence.

Your request was not signed as required.

Please resubmit the request bearing the signature of the Radiation Safety Officer or a management representative.

Please submit your signed response letter by June 27, 2024. To ensure proper routing, please include a reference to your U.S. NRC Materials License No. 13-18692-01, Docket No. 030-14051 and Control No. 641051. As you will not receive a hardcopy of this request for additional information, please confirm that you have received this e-mail.
