RULE: REGULATORY FRAMEWORK FOR FUSION SYSTEMS DOCKET NO.
NRC-2023-0071

Dear Keisha Cornelius:

Thank you for your letter requesting an extension of the comment period and sharing the Organization of Agreement State's (OAS) feedback regarding the difficulty in obtaining RCPD-24-004, "Opportunity for Advance Review and Comment on the U.S. Nuclear Regulatory Commission's Draft Proposed Rule: Regulatory Framework for Fusion Systems (RCPD-24-004)." The staff discussed your request with Phillip Peterson of the OAS Board on June 4, 2024, and agreed to a revision of our due dates for comments as follows:

- Draft *Federal Register* notice – comments due July 15, 2024
- Draft Guidance – comments due August 14, 2024

The draft Vision & Strategy document comments continue to be due by August 14, 2024

We look forward to your continuing participation and engagement in our rulemaking process. If you have any questions or need additional information, please contact myself at Dennis.Andrukat@nrc.gov or 301-415-3561 or Duncan White at Duncan.White@nrc.gov or 301-415-2598.
