Dear NRC RE: Monticello Reactor Jessica Umana,

Dear NRC,

As someone who lives near the waste fuel from the former Trojan reactor, and whose community drinks the water downstream from the Hanford Reservation, I ask you to extend the comment period for the Monticello reactor license renewal. I am hopeful that the risks of re-licensing an old leaker like Monticello will reach the awareness of responsible decision makers. I am hopeful that decision makers will reject imposing these risks on their fellow citizens.

Sincerely,
Cass Martinez
