**SUBJECT: ACCEPTANCE REVIEW OF REQUEST FOR AMENDMENT NO. 10 TO
CERTIFICATE OF COMPLIANCE NO. 1032 FOR THE HI-STORM
FLOOD/WIND CASK SYSTEM (DOCKET NO. 72-1032, CAC NO. 001028, EPID:
L-2024-LLA-0020) – REQUEST FOR SUPPLEMENTAL INFORMATION**

Dear Kimberly Manzione:

By letter dated March 1, 2018, Holtec International (Holtec) submitted to the U.S. Nuclear Regulatory Commission (NRC) an application for Certificate of Compliance No. 1032, Amendment No. 10, for the HI-STORM Flood/Wind Multipurpose Canister Storage System and resubmitted on March 22, 2024, and April 18, 2024. This resubmittal completely supersedes any previous Amendment No. 10 submittals.

The NRC staff has performed an acceptance review of your application to determine if the application contains sufficient technical information to begin a detailed technical review. The staff has determined that the application does not provide sufficient technical information to begin a detailed review and that supplemental information is needed. The information needed to continue our review is described in the enclosed request for supplemental information (RSI).

In order to schedule our technical review, responses to the enclosed RSI should be provided within 30 days from the date of this letter. If Holtec is unable to meet this response date, please notify us, at least 1 week prior to the due date, of your new submittal date and the reasons for the delay. If Holtec is not able to respond within this timeframe or the RSI responses do not provide sufficient information, the application may not be accepted for review.

Upon removal of Enclosure 2, this document and Enclosure 1 are decontrolled.

K. Manzione
