Subject: Supplement to Renewal Application for USA/9297/AF-96 for Model No. Traveller STD, XL, and VVER Packages

References: (1) Westinghouse Electric Co. LLC, "Renewal Application Request for USA/9297/AF-96 for Model No. Traveller STD, XL, and VVER Packages," LTR-LCPT-21-12, 30 April 2024

Dear Director,

Westinghouse will submit by July 1 a supplement to application for 5-year renewal and content amendment of license USA/9297/AF-96 Model No. Traveller STD, XL, and VVER Packages [Reference 1]. Based on recently completed physical impact testing, Westinghouse will amend Safety Analysis Report Revision 16, Section 2.12.10, to include testing data and validation for the finite element analysis provided for the amended contents of a newly designed 8-inch Rod Pipe configuration. This information is provided to support the ongoing structural review of the application.

One copy of the letter is submitted electronically via NRC Electronic Information Exchange (EIE) system and emailed to the Project Manager, Pierre Saverot. Should you have any questions, or require additional information, please contact me at the addressed information.

Best regards,
