SUBJECT: HONEYWELL METROPOLIS WORKS – INSPECTION SCHEDULE FOR
CALENDAR YEAR 2025

Dear Brett Suits:

Enclosed is the schedule of inspections to be performed by the U.S. Nuclear Regulatory Commission (NRC) inspectors at the Honeywell Metropolis Works facility in calendar year 2025. The inspection schedule is provided in advance to minimize the resource impact on your staff and allow for the resolution of any scheduling conflicts and personnel availability issues, well in advance of inspector arrival onsite.

Please note that any regional initiative or reactive inspections are not included in the schedule. If circumstances arise which cause the NRC inspectors to change the dates of the planned inspections, we will contact you to discuss the change as early as possible. Please contact Thomas Vukovinsky at (404) 997-4622 with any questions or concerns you may have regarding this letter or the inspection schedule.

This letter and its enclosure will be made available for public inspection and copying at <http://www.nrc.gov/reading-rm/adams.html>, and at the NRC Public Document Room, in accordance with Title 10 of the Code of Federal Regulations 2.390, "Public Inspections, Exemptions, Requests for Withholding."

Sincerely,
