ATTN: Document Control Desk  
Director, Division of Fuel Management  
Office of Nuclear Material Safety and Safeguards  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

Dear Sir or Madam:

**Subject: Intent to Request an Amendment of Docket 71-9319, Framatome MAP-12 and MAP-13 Shipping Container.**

Reference: NRC Certificate of Compliance Number 9319 Revision 14.

Framatome Inc. (Framatome) wishes to inform the NRC that we intend, per the provisions of 10 CFR 71.19(c), to formally request an amendment to Certificate of Compliance 9319 for the MAP packaging in the December 2024 – January 2025 timeframe. This request is in support of our Advanced Fuel Management project and increasing fresh fuel assembly enrichment values up to 8 wt.% <sup>235</sup>U.

Please feel free to contact me at (509) 375-8550 or Bryan Flanagan of my staff at (509) 375-8537 if you have questions or need additional information.

Sincerely,

Timothy J. Tate, Manager  
Environmental, Health, Safety and Licensing
