Good afternoon Dr. Ramsay,

This email is in response to the letter dated May 16th, 2024, to amend your U.S. Nuclear Regulatory Commission (NRC) Materials License No. 21-35571-01 to add a location of use.

Upon review of your request, we identified the following areas in which additional or clarifying information is needed:

1. Please provide a facility diagram or drawing of your hot lab with additional detail (e.g., location of L-block, lead brick cave, etc.). Please indicate what is north.
2. Please provide information on radiation survey instrumentation (including survey meters and probes, well counter, etc.) and dose calibrator.

Please submit your signed response letter by July 10th, 2024. As you will not receive a hardcopy of this request for additional information, please confirm that you have received this email.

Thank you,
