Dear Laura Cender:

This letter is in response to an email you sent on 6-12-24.

**Response:** NRC License No. 13-32713-01 is requesting to be approved for 225Ac only for storage capabilities. License No. 13-32713-01 will not be conducting any radioactivity analysis on these samples; only decay-in-storage then analysis (e.g., circulating biomarkers, ctDNA, PBMC isolation, biopsy for disease progression, biochemistry, etc) will occur.

**Response:** Labcorp will contract a radioactive waste vendor to dispose of any 227Ac waste that may be collected.

Should you require additional information, please do not hesitate to contact me directly at 608-395-3778 or 608-381-1785.

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Marty", with a stylized flourish at the end.
