**DATE:** July 3, 2024  
**TO:** Nuclear Regulatory Commission (NRC)  
**ATTN:** Scott Wilson  
**FROM:** Jonathan Moon, Resident Director, Eastern Range  
FBM Mission Operations, Lockheed Martin Space  
**SUBJECT:** Extension of Lockheed Martin's radiation license (AmLi- 241 source in AQ)

Brett Nickell has been designated as the Lockheed Martin Radiation Safety Officer (RSO) for the Fleet Ballistic Missile Program operating at the Eastern Range, Cape Canaveral Space Force Station, FL (License Number: 09-23013-02).

As RSO, Brett has been granted independent authority to stop any and all unsafe operations related to the subject source in the event that such is required. Brett is duly authorized to act for and on behalf of the licensee in matters regarding the license.

Respectfully,

LOCKHEED MARTIN SPACE  
STRATEGIC MISSILES & DEFENSE EASTERN RANGE
