Hello,

I am hoping you can help me by locating 2 public hearing transcripts. The public hearings in question were held in Gore, OK. The first being on or about November 5, 1984. The second was held on or about December 3, 1984. The hearings were held at Gore, Oklahoma High School. I was encouraged by the NRC public records desk to provide details; The topic was regarding the Kerr-McGee Sequoyah Fuels Plant. There was focused discussion regarding water contamination.

I originally sent the request to the NRC Librarian, who then encouraged me to contact the FOIA due to a large digitalization of older records, and she has been unable to locate the files which I requested. She sent the FIOA website link in her response, which I read. In the guide it states that I must state if I am willing to pay a fee associated for the transcripts, which I am.

Thank you very much for your help. If needed I can be reached on my mobile: 973.224.3365

Thank you,
