Subject: [External_Sender] QA Manager Qualifications
Date: Thursday, July 25, 2024 10:55:51 AM
Attachments: [OAM Quals.pdf](#)

Good morning, Raju. In response to your recent request pertaining to adding qualification requirements for the Trojan ISFSI QA Manager, we have developed those requirements. In the attachment, we provide those requirements as an addition to Section 14.3. of proposed Revision 31 to the Trojan ISFSI QA plan.

This change will be included with the change proposed in response to the previous RAI in the final Revision 31. Please advise if you require additional information.

Brian Gutherman
