

Enclosure 3

Affidavit Supporting Request for Withholding from Public Disclosure

I, Ken Langdon, General Manager, Nuclear Development for Energy Northwest (EN) do hereby affirm and state:

1. I have knowledge of the criteria used by EN in designating information as proprietary and am authorized to execute this affidavit on behalf of EN. I am further authorized to review information submitted to or discussed with the U.S. Nuclear Regulatory Commission (NRC) and apply for the withholding of information from disclosure.
2. The purpose of this affidavit is to provide the information required by 10 CFR 2.390(b)(1) in support of EN and the project's request for proprietary treatment of certain commercial information submitted in Enclosure 1 to this letter which is requested to be withheld under the provisions of 10 CFR 2.390(a)(4).
3. Pursuant to the provisions set forth in 10 CFR § 2.390(b)(4), the following is provided for consideration by the Commission in determining whether the information sought to be withheld from public disclosure should be withheld.
 - a. The information sought to be withheld in Enclosure 1 has been held in confidence by EN as confidential financial and commercial information.
 - b. The information is of a type that is customarily held in confidence by EN based on the rationale described in this affidavit.
 - c. The information is being transmitted to and, pursuant to 10 CFR 2.390, received by the NRC in confidence.
 - d. No public disclosure of the information has been made, and it is not available in public sources. All disclosures to third parties, including any required transmittals to NRC, have been made, or must be made, pursuant to regulatory provisions or contractual agreements that provide for maintenance of the information in confidence.
 - e. The information requested to be withheld reveals specific financial plans and includes plans and strategies that form the basis for the confidential financial and commercial information related to the project. Release of the information requested to be withheld would affect the reputation of EN and its financial partners and affect EN's ability to fund the proposed project.

I declare under the penalty of perjury that the foregoing is true and correct. Executed on this 2nd day of August 2024.
