Subject: Renewal Application

Discussion: Discussion related to renewal application items 5-11. The licensee used NUREG 1556 Vol 1 Revision 1 instead of Revision 2 and did not include a facility diagram. Licensee will resubmit the application using Revision 2 and will also remove the additional information that is not needed for the review of the application. Licensee said that the additional information is submitted for their PA license but understands that it is not necessary to include with the NRC application.

Action Required: Proceed with renewal upon receipt of revised application.
