Discussion:

Mr. Woolbert was named as the point of contact for matters regarding the subject license amendments. Supporting qualification documents and information for MAJ Vincent for his appointment to be added to the subject licenses was not provided for the subject license amendments. During our review we found that MAJ Vincent is the RSO on the AFFRI licenses and the education and experience required for his appointment to the subject licenses are like that which he submitted for his appointment on the AFFRI licenses when he was appointed to those as RSO. We spoke with Mr. Woolbert via telephone about MAJ Vincent’s activities with AFFRI licenses 19-08330-02 and 19-08330-03. We also asked Mr. Woolbert if MAJ Vincent would be able to devote sufficient time to oversight of the subject licenses given that he is already RSO for the AFFRI licenses and if he was able to commit to the additional time it will take to oversee the subject licenses. Mr. Woolbert stated that MAJ Vincent has been able to oversee the AFFRI licenses, that the two facilities are adjacent and that he has been available for consult about the activities under all four licenses. We asked if MAJ Vincent will have the hands-on training required by the NUREG to oversee the self-shielded irradiator at the USUHS facility and Mr. Woolbert said the training is scheduled for tomorrow. We were not able to contact MAJ Vincent via telephone.

Mr. Woolbert said that a formal response to our RAI sent via email on August 13, 2024, will be provided within a few days.
