Subject: Amendment Request

Discussion: Call to clarify request in the amendment. The licensee indicated that though they are disposing of a Troxler 3411-B, they would like to keep the same material authorization. The licensee also indicated that they would only like authorization for one InstroTek 3500 gauge, but in the future, they plan on disposing of all Troxler and transition to InstroTek and would request additional InstroTek 3500 material authorization.

Action Required: Proceed with adding material requested. Minor changes to overall material authorization.
