Subject: NRC's acceptance for detailed review of Centrus/ACO's license amendment request
Date: Wednesday, August 14, 2024 5:39:00 PM

Dear Kelly Fitch,

The U.S. Nuclear Regulatory Commission (NRC) staff has received your license amendment request dated May 23, 2024 (Agencywide Documents Access and Management System (ADAMS) Accession Number ML24150A062), pertaining to American Centrifuge Operating, LLC's (ACO's) request for NRC review and approval of changes to ACO's Security Plan for the Physical Protection of Special Nuclear Material at the American Centrifuge Plant.

We have completed our acceptance review of the submittal. We have identified no administrative omissions or deficiencies that would prevent us from proceeding with a detailed review. Your submittal has been assigned Enterprise Project Identification Number (EPID) L-2024-SPR-0009. Please reference this EPID number and Docket Number 07007004 in any future correspondence associated with this request.

Please note that the NRC staff's technical review of your submittal may identify issues that require additional information. Based on our preliminary evaluation and projection of current review schedules, we anticipate completing our formal review by the requested date of January 31, 2025. This date could change depending on the findings of our technical review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule. In addition, the NRC staff estimates that completing the review of your submittal will require approximately 60 staff hours which corresponds to \$19,020.00 (current rate of \$317.00/hr).

In accordance with Title 10 of the *Code of Federal Regulations*, Section 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this e-mail will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of the NRC's ADAMS. ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room). Please let me know if you have any questions.

Thank you

Yawar H. Faraz, Senior Project Manager
