Dear Mr. vonEhr:

The following is the response to your request (email dated July 30, 2024) for additional information regarding our radioactive materials license amendment. We commit to the following:

| | Material | Chemical/Physical Form | Maximum Amount | Purpose of Use |
|---|---|------------------------|-----------------------|---|
| 1 | Lutetium-177 permitted by 10 CFR 35.300 | Any | 1500 millicuries(mCi) | Parenteral administration of lutetium-177, outpatient, for which the patient can be released under the provisions of 10 CFR 35.75 |

Sincerely

Mark Doak
Interim CEO
