Good morning,

I apologize for the delay in response. As per your request, Atlas Technical Consultants – Burlington, NJ (NRC License No. 29-30863-01) staff have conducted leak tests, or have been performed by the servicing company, Instotek, of the gage sources, resulting in test results that show no signs of leakage.

I hope this information is helpful,

Thank you,

Best Regards,

I have been on travel and lost track of this action. You indicated that you were going to send me a letter or email stating that you only possessed sealed sources under your NRC License No. 29-30863-01 and you have conducted leak tests of your sources and they have shown no signs of leakage.

I could not find your response.

Regards,
