---

Mr. Ragland,

Please find attached my certifications for the role of Radiation Safety Officer for our Dunn, NC Laboratory. License number 053-1386-1. I am replacing Monique Lumpkin on our license as RSO for this location. Please let me know if you have any questions or need any additional information.

Thank you,

**Tyler Grumelot**

# APNGA Portable Nuclear Gauge Safety & U.S. D.O.T. Hazmat Certification Class

Certificate of Completion to:

Tyler Grumelot

HAZMAT refresher training is required within 3 years after today's date:

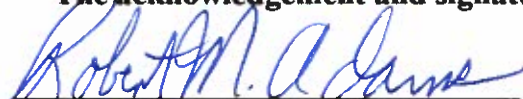

June 10, 2024

This course covers training criteria of NUREG 1556, The Agreement States,  
and 49 CFR 172, Subpart H.

**The Company RSO completes the training requirements by familiarizing the employee with:**

- State-specific regulations including introduction to the state regulatory website
- The company radiation safety program, specifically gauge safety operating and emergency procedures
- A tour of the storage area(s) with emphasis on security, documents and postings
- Loading, security and transporting gauges in company vehicles
- Hands-on training with the gauge and methods in use by the company
- Introduction to gauge safety content on gauge manufacturer website
- This Certificate covers both Gauge Safety and USDOT HAZMAT requirements

**The acknowledgement and signature of the RSO/Official makes the training and certificate relevant and valid.**

Signature of RSO
