**Subject:** WA DOH - Letter to the NRC MRB Chair

Mr. Lubinski,

The Washington State Department of Health, Office of Radiation Protection (ORP), finds itself in a unique position of preparing for the second of two Management Review Board (MRB) meetings to discuss the Integrated Materials Performance Evaluation Program (IMPEP) review that was conducted in April 2024. In preparation for the second meeting, to be held on September 4, 2024, ORP wanted to be better prepared to speak to some unresolved questions and concerns that individuals on the MRB asked during the first MRB meeting that was held on July 25, 2024.

We hope you will see from this letter that significant and key program improvements have been completed.

All the best,

**Jill Dinehart Wood**

Gender Pronouns: she/her

Director of the Office of Radiation Protection

Environmental Public Health Division

Washington State Department of Health
