SUBJECT: INFORMATION REQUEST TO SUPPORT UPCOMING MATERIAL CONTROL
AND ACCOUNTING INSPECTION AT DAVIS-BESSE NUCLEAR POWER
STATION

Dear Terry Brown:

This letter is to request information to support our scheduled Material Control and Accounting inspection beginning October 21, 2024, at your Davis-Besse Nuclear Power Station. This inspection will be performed in accordance with the NRC baseline Inspection Procedure 71111.30.11, "Material Control & Accounting (MC&A)."

The documents requested are necessary to ensure the inspector is adequately prepared for the inspection. The information requested prior to the inspection may be provided in online access and should be ready for NRC review by October 11, 2024. Please also note that the inspector will sample the content in the spent fuel pool during the inspection week.

If there are any questions about the material requested or the inspection in general, please contact me at 630-829-9574 or raymond.ng@nrc.gov.

This letter does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Existing information collection requirements were approved by the Office of Management and Budget, Control Number 3150-0011.

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid Office of Management and Budget control number.

In accordance with 10 CFR 2.390 of the NRC's "Public Inspections, Exemptions, Requests for Withholding," of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and your response (if any) will be available electronically for public inspection in the NRC's Public Document Room or from the Publicly Available Records (PARS) component of the NRC's Agencywide Documents Access and Management System (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

Signed by Ng, Raymond

**REQUESTED INFORMATION TO SUPPORT
MATERIAL CONTROL AND ACCOUNTING INSPECTION**

Please provide the information on a compact disc, or other online access venue. Unless otherwise specified, the time frame for requested information is for the period of October 1, 2022, through the time the data request is answered. Please label any electronic files with file content information.

1. Current MC&A procedures and revisions since October 2022.
2. Description of any changes made to the MC&A procedures since October 2022.
3. MC&A Training / Qualification records of personnel dealing with SNM.
4. Records for receipt, acquisition, transfer, and disposal of all SNMs since October 2022.
5. Records for fuel failure and reconstitution that occurred since October 2022. (If this is already included in Item #4, please designate those records.)
6. Records for annual physical inventory of all SNMs since October 2022.
7. MC&A related condition reports since October 2022.
8. All submitted Nuclear Material Transaction Reports (741) and Material Status Reports (742) since October 2022
