

**UNITED STATES  
NUCLEAR REGULATORY COMMISSION**  
WASHINGTON, D.C. 20555-0001

October 15, 2024

Ira Schneider, Chief  
Health and Human Services Agency  
California Department of Public Health  
1215 O Street  
Sacramento, CA 95814

**SUBJECT:** CALIFORNIA PROPOSED LEGALLY BINDING REQUIREMENTS I-37,  
M-2, M-7, GLR-4, GLD-3 AND CALIFORNIA SECTIONS 30100, 30192.1, and  
30275

Dear Ira Schneider:

We have reviewed the California legally binding requirements I-37, M-2, M-7, GLR-4, GLD-3, in addition to California sections 30100, 30192.1, and 30275, received by our office on August 28, 2024. These requirements were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements. We discussed our review of the regulations with you on October 4, 2024.

As a result of our review we have nine comments that have been identified in Enclosure 1. We have determined that if these requirements are revised, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements."

We request that when you revise your regulations to address our comments, a copy of the revised regulations be provided to us for review. As requested in NMSS Procedure SA-201, "Review of State Regulatory Requirements," please highlight the location of any changes made and provide a copy to Division of Materials Safety, Security, State, and Tribal Programs, NMSS.

The State Regulation Status (SRS) Data Sheet in Enclosure 2 summarizes our knowledge of the status of other California regulations, as indicated. Please let us know if you note any inaccuracies or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on: <https://www.nrc.gov/agreement-states>.

If you have any questions regarding the review, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact my staff at [AgreementStateRegs.Resource@nrc.gov](mailto:AgreementStateRegs.Resource@nrc.gov).

Sincerely,

Signed by Giantelli, Adelaide  
on 10/15/24

Adelaide S. Giantelli, Chief  
State Agreement and Liaison Programs Branch  
Division of Materials Safety, Security, State,  
and Tribal Programs  
Office of Nuclear Material Safety  
and Safeguards

## COMPATIBILITY COMMENTS ON CALIFORNIA LEGALLY BINDING REQUIREMENTS

STATE SECTION		NRC SECTION	RATS ID	CATEGORY	SUBJECT and COMMENTS
1	30100	N/A	N/A	N/A	<p><b>Definition: Department</b></p> <p>California 30100 and General Section 114985(j) found in California Health and Safety Code, Division 104, Part 9, Chapter 8, Article 1, contain conflicting definitions for “Department”. California needs to update the legislation to redefine “Department” from “State Department of Health Services” to, “California Department of Public Health” to remove this conflict.</p>
2	30100	N/A	N/A	N/A	<p><b>Definition: Specific license</b></p> <p>California 30100 defines “Specific license” as, “a license or the equivalent document issued to a named person by the Department or by the Nuclear Regulatory Commission or by any other Agreement State”. General Section 114985(h) found in California Health and Safety Code, Division 104, Part 9, Chapter 8, Article 1, defines “Specific license” as, “a license, issued after application, to use, manufacture, produce, transfer, receive, acquire, own, or possess quantities of, or devices or equipment utilizing, byproduct, source, or special nuclear materials or other radioactive material occurring naturally or produced artificially”. The NRC does not have a definition for “Specific license”; however, California needs to update one of these definitions to remove this conflict.</p>
3	30100	20.1003	N/A	A	<p><b>Definition: Radiation (ionizing radiation)</b></p> <p>California 30100 and legislation found in California Health and Safety Code,</p>

STATE SECTION		NRC SECTION	RATS ID	CATEGORY	SUBJECT and COMMENTS
					<p>Division 104, Part 9, Chapter 8, Article 1, define “Radiation (ionizing radiation)” as “gamma rays and X-rays; alpha and beta particles, high-speed electrons, neutrons, protons, and other nuclear particles; but not sound or radio waves, or visible, infrared, or ultraviolet light”. The 10 CFR 20.1003 definition includes, “does not include nonionizing radiation” and “microwaves”. California needs to update California 30100 and their legislation to correct the definition for “Radiation (ionizing radiation)”.</p>
4	30192.1	31.5	N/A	C	<p><b>Certain detecting, measuring, gauging, or controlling devices and certain devices for producing light or an ionized atmosphere.</b></p> <p>10 CFR 31.5(c)(3)(ii) states, “By a person holding a specific license pursuant to parts 30 and 32 of this chapter or from an Agreement State to perform such activities” while California 30192.1(d)(4)(b) states, “By a person holding a specific license issued by the Department or an Agreement State other than this State, authorizing the licensee to perform those activities”. California 30192.1(d)(4)(b) does not include the NRC licenses. To meet the compatibility category C requirements of 31.5, California needs to update 30192.1(d)(4)(b) to say, “By a person holding a specific license issued by the NRC, Department, or an Agreement State other than this State, authorizing the licensee to perform those activities”.</p>
5	30196	32.2	N/A	D	<p><b>Definition: Sealed Source and Device Registry</b></p> <p>California 30196 incorporates 10 CFR Part 32 by reference with exceptions. California 30196(a)(3) states that any</p>

STATE SECTION		NRC SECTION	RATS ID	CATEGORY	SUBJECT and COMMENTS
					reference to the NRC shall be deemed a reference to the Department. The definition for "Sealed source and device registry" in 10 CFR 32.2 references the NRC and should remain as the NRC. California needs to update 30196(a)(3) to say, "Except for the definition of "Sealed Source and Device Registry" in 32.2, any reference to the United States Nuclear Regulatory Commission (NRC) or any component thereof shall be deemed to be a reference to the Department as defined in section 30100."
6	30196	32.30 32.31 32.32	N/A	NRC	California 30196(a)(1) incorporates by reference 10 CFR Part 32 with exceptions. California needs to update 30196(a)(1) to include 10 CFR 32.30, 32.31, and 32.32 as exceptions. These regulations are compatibility category NRC and cannot be incorporated by reference.
7	30196	10 CFR 32	N/A	Various	<p>California 30196(a)(1) incorporates by reference 10 CFR Part 32 with exceptions. California does not include substitutions for references to "Agreement State" and the "NRC and Agreement States" in 10 CFR Part 32. California needs to update 30196(a) to include the following reconciliatory language:</p> <ul style="list-style-type: none"> <li>- In 10 CFR 32.51a(b); 32.51a(b)(1) and (4); 32.51a(e); 32.52(b); 32.52(b)(7); 32.55(d); 32.56; 32.62(e); and 32.74(a)(3) where a reference is made to "an Agreement State", it means "an Agreement State or the NRC".</li> <li>- A reference to "comparable provisions of an Agreement State" means "comparable provisions of the NRC or of an Agreement State". A reference to "equivalent regulations of an Agreement State" means "NRC regulations in Title 10 of the Code of Federal Regulations, or equivalent</li> </ul>

STATE SECTION		NRC SECTION	RATS ID	CATEGORY	SUBJECT and COMMENTS
					regulations of an Agreement State”. - A reference to “Commission or Agreement State” or “Commission or an Agreement State”, means “the Department, the NRC, or Agreement State”.
8	30196	Various	N/A	B	California 30196(a)(1) incorporates by reference 10 CFR Part 32 with exceptions. 10 CFR 32.52 and 32.56 describe notifications and reports that should be made to the NRC. California does not include reconciliatory language that these notifications should be made to the Department. California needs to update 30196(a) to include the following reconciliatory language: “Notifications and reports referenced in 10 CFR 32.52 and 32.56 shall be directed to the the Department.”
9	30196	10 CFR 32.210(g)	N/A	B	<b>Registration of product information</b>  California 30196(a)(1) incorporates by reference 10 CFR Part 32 with exceptions. 10 CFR 32.210(g)(2)(i) includes the phrase, “part 33 of this chapter”. The regulations in 10 CFR Part 33 are all compatibility category D. California needs to update California 30196(a)(5) to either include the appropriate reference found in the California regulations for part 33 or provide reconciliation language that a reference to “part 33 of this chapter” means “10 CFR Part 33”.

**STATE REGULATION STATUS**

State: California

Tracking Ticket Number: 24-34

Date: 10-15-2024
