Here is a list of things that you can attach to make the CoC process easier:

Description	Notes and Tips
Name of the Company	Make sure to use the exact name as it is in WBL.
Accession Number or ML Number	Make sure that the ADAMS file is replicated and made into official document . (I am unable to do anything with the file if this step is not completed)
License Number	-
Point of Contact	This can be you or any license reviewer that works with you, and please always specify who it will be. If not, it will delay the posting.
More Tips 1	Some reviewers like to send the confirmation when the file is replicated and made into an official document.
